LANDSCAPING APPLICATION**

From: Architectural Review Committee

To: _____

1. Your application is approved / disapproved subject to the following conditions, if any:

Signature: _____ Date: _____

Title: ARC Representative

Note: These plans have been reviewed for the purpose of determining compliance with MPCA Covenants and aesthetic compatibility of existing architectural plans within the community. These plans are approved on a limited basis. No review has been made with respect to functionality, safety, compliance with governmental regulations or otherwise, and any party with respect to such matters should make no reliance on this approval. The approving authority expressly disclaims liability of any kind with respect to these plans, the review hereof, or any structures built pursuant hereto, including, but not limited to, liability for negligence or breach of express or implied warranty.

The homeowner is responsible for acquiring any/all applicable permits and inspections.

APPENDIX A
GUIDELINES FOR LANDSCAPING, HEDGES AND WALLS

1. General information:

- a. The location, composition and height of any hedge or wall shall be subject to the approval of the Architectural Review Committee (ARC), which may grant or withhold such approval at its discretion.
- b. All solid walls shall be constructed with brick, stucco, or natural stone on all exposed surfaces. Walls must be capped with brick, stone or precast concrete.
- c. ~~No hedge or wall is permitted along any part of a lot line along the Golf Course.~~
- d. No hedge or wall shall be installed higher than six feet from the normal surface of the ground. **Hedges installed between rear lot lines and the golf course are limited to four (4) feet in height.**

This approval concerns only your architectural and/or landscape plans. You are still responsible to obtain whatever easements, permits, licenses and approvals which may be necessary to improve the property in accordance with the approved plans. This approval must not be considered to be permission to encroach on another property owner's rights to use and enjoy all possible property rights. Approval of the plans does not constitute a warranty or representation by the Architectural Review Committee or any developer or landowner that the proposed improvements will be consistent with the development plans of any other landowner.

In addition, this approval does not in any way grant variances to exceptions, or deviations from any setbacks or use restrictions unless a specific letter of variance request is submitted and the party entitled to enforce such setbacks or restrictions issues a specific letter of "variance approval". This approval does not constitute approval of any typographical, clerical or interpretative errors on the submitted plans.

Compliance with all applicable building codes is the responsibility of the owner and general contractor/sub-contractors and not that of the Architectural Review Committee or any developer. The owner is responsible for positive drainage during and after the construction. No water drainage is to be diverted to adjoining lots, common areas or wetlands. The owner is responsible for informing the primary contractor of these provisions

APPENDIX B
